Mr. Chris Anderson

1601 Trapelo Road, Suite 336
Waltham, MA 02451

Dear Mr. Anderson:

Belated but sincere thanks for all your good help on the education reform bill. You know how important these new tools will be in helping to close the achievement gap and letting more innovation flourish in public schools. We could not have come this far without you.

There is a broader lesson here about the good that comes when diverse leaders work together. I look forward to other successful collaborations with you in the future.

With gratitude,

Well done.
