**Council President Chris Anderson's Statement on
Today's House Vote to Repeal the Tech Tax
September 25, 2013**

“Leadership isn’t always easy, and we recognize and appreciate the leadership demonstrated in the Legislature by agreeing to repeal the Tech Tax before it inflicted further harm on our state’s innovators and small business owners. The Tech Tax has awakened a new generation of tech companies to the vital role they play in our state’s current and future economy; together, we look forward to forging a productive partnership with elected officials to advance policies that result in economic and job growth.”
